

# Lover Girl

Sam Cooke

[Verse 1:]

You look so beautiful tonight  
That smile your wearing so out of site  
Iâ€™m I dreaming could this be real  
Iâ€™m with a girl that makes me feel so good.  
I think I should  
Tell you that I love you cause you know I could  
Forever take care of you girl I wouldâ€™  
Do anything for you

[Chorus:]

And without you  
What could I do?  
Thereâ€™s no loving in the world  
That could out beat you  
Your my lover girl  
Your my lover girl  
With your kiss  
How could I miss?  
No local boyâ€™s ever felt like this  
Your my lover girl  
Your my lover girl.

[Verse 2:]

It takes time for me to see  
How special a love could be  
With you only took a minute  
To play my heart so easily and win it  
I Just wanna show (how much)  
I love you so (your touch)  
Just made me fall so deep in love with you

[Chorus]

[Bridge:]

Itâ€™s only been a little while  
Since I first seen your smile  
With you I feel so strong  
Feels like nothing could go wrong

Because youâ€™re here with meâ€™

[Rap:]

Girl you looking fine and your one of a kind  
You got that special something that makes you shine

Your my lover girl

Your my lover girl

Take another step everythingâ€™s alright  
Iâ€™ll hold you in the day and all through the night

Youâ€™re my lover girl (whoa) [x3]

Youâ€™re my Lover Girl
