

Little God of My Heart

Miss Saigon Original Cast, Eva Noblezada & Alistai

KIM

Now, Tam, my brave boy

Our long wait has ended

Smile, Tam, for you have a father at last

Has come to take you home

All I dreamed for you he'll do

You're still mine but I can't go along

Don't be sad though I'm far away I'll be watching you

This is the hour I swore I'd see

I alone can tell now what the end will be

They think they decide your life

No, it will be me

Look at me one last time

Don't forget what you see

One more kiss

And then say goodbye

CHRIS

Kim! Kim!

CHRIS

what have you done, Kim? Why?

KIM

the gods have guided you to your son

CHRIS

please don't die

KIM

hold me one more time

KIM

how in one night have we come... so far?
