

Beautiful Life (Protoculture Remix)

[Armin van Buuren](#)

Some people keep wondering
Some people long without knowing
Some people never found the answer
The answer I am fallin now into this dream
Let the music guide you to me
Cause now I feel everything for the first time It's such a beautiful, beautiful life
Well then your days will lead here tonight
Oh oh
Just close your eyes
And we could dance tonight forever
Dance tonight forever Some people keep wondering
Some people long without knowing
Some people never found the answer
The answer I'm fallin now into this dream
Let the music guide you to me
Cause now I feel everything for the first time A kiss that lasts, that's forever
