

# This Thing Called Love

## F.O.B

I saw you standing at the corner of the street  
You look so fine  
I don't care what it is you're sellin'  
I wanna be the next in lineYou're dressed to kill  
You look good enough to eat  
I'm tellin' you  
There's just one thing you can't beatThis thing called love  
This thing called loveThat long, blond hair, those eyes of blue  
Those ruby lips and legs so long, baby  
You've got the goods, you're holdin' big time  
There's no way you can go wrongYou knock 'em dead  
When you're walking down the street  
I'm tellin' you  
There's just one thing you can't beatThis thing called love  
This thing called love  
This thing called love  
This thing called loveLooking for love on a summer's night  
I got you right in my sight  
I've been looking for love since the break of dawn  
Hey, baby, come onThis thing called love  
This thing called loveI've been looking for love on a summer's night  
I'm lonely and you right in my sight  
I've been looking for love since the break of day  
Hey, baby, what you say?Yeah  
This thing called love  
This thing called love  
This thing called love  
This thing called love  
This thing called love
