

# Remembrance

**DGM**

Oh, how could it be  
That my God would welcome me into this mystery  
    Say take this bread, take this wine  
Now the simple made divine for any to receiveBy Your mercy, we come to Your table  
    By Your grace, You are making us faithfulLord, we remember You  
        And remembrance leads us to worship  
            And as we worship You  
                Our worship leads to communion  
We respond to Your invitation, we remember YouSee His body, His blood  
    Know that He has overcome every trial we will face  
        None too lost to be saved  
None too broken or ashamed, all are welcome in this placeBy Your mercy, we come to Your table  
    By Your grace, You are making us faithfulLord, we remember You  
        And remembrance leads us to worship  
            And as we worship You  
                Our worship leads to communion  
We respond to Your invitation, we remember YouDying You destroyed our death  
    Rising You restored our life  
Lord Jesus, come in gloryLord Jesus, come in glory  
    Lord Jesus, come in glory  
Lord Jesus, come in gloryLord, we remember You  
    And remembrance leads us to worship  
        And as we worship You  
        Our worship leads to communion  
        We respond to Your invitation  
We respond to Your invitation, we remember You
