

Me Lovin' You

Buddy Jewell

Sometimes my head is harder than a mule's
Around my friends, I'm a certified fool
But I'd walk through fire if you asked me to
That's what you love about me lovin' you[Chorus]
If it rains, if it shines
Every day of your life
And I'll be faithful an' true
That's what you love about me lovin' youEverybody thinks, I'm tougher than nails
That I never ever need anyone else
But late at night, it's you that I'll turn to
That's what you love about me lovin' you[Chorus]When the weight of your world is too much to bear
Lean on me, I'll always be there
You'll never see a hard time that we won't get through
That's what you love about me lovin' you[Chorus]Lovin' you
