## The Get Up Kids

It's certainly true, there's better things to do  
And though I don't know everything  
I wouldn't tell you anything, if I didThe last time I saw you act like this  
We were kids  
The last time I saw you act like this  
We were kidsWhat am I to do?  
My heart goes out to you  
Though I don't know everything  
I wouldn't tell you anything, if I didOver reacting, over again  
Just between friendsWhat am I to do?  
I won't come between you two  
I gave it, I gave it all, all I could  
And all I couldOver reacting, over again  
Just between friends  
I bet you, you'll never find, no  
Another friend like me
