I Told You So

Nural

Just walk away, see if he cares
It's such a sad story, I know, dont say I didnt tell you so
I told you so
OhFixing his eyes on her he knows that this
Won't take him very long
'Cause after all this night is still youngShe slowly but surely drinks her mind away,
Hes making sure of it
Just one more sip hell be dragging you home
HomeJust walk away, see if he cares
Its such a sad story, I know, dont say I didnt tell you so
Hey, yeahShe staggers aimlessly who knows what hes
Plotting inside his head,
Soon enough everyone will knowWhen this is over, do you think my advice
Would help you somehow?
Just cry me a river as if you dont look so pathetic nowJust walk away, see if he cares
Its such a sad story, I know, dont say I didnt tell you so
(I told you so)
Hey, yeahJust walk away, see if he cares
(Just walk away)
Its such a sad story, I know, dont say I didnt tell you so
Hey, yeahJust walk away, yeah (2x)Just walk away, see if he cares
(Just walk away)
Its such a sad story, I know, dont say I didnt tell you so
(I told you so)Hey, walk away, see if he cares
(Just walk away)
Its such a sad story, I know, dont say I didnt tell you so
