

Act Like This (feat. Jemere Morgan)

OOAK

I see you looking at me
You say you're gonna make my dreams come true
I'm not here to meet somebody
And even if I was, it wouldn't be you
I'm not gonna say this once more
Boy, it seems like you don't have a clue
And even though I sent you away
You're the type of guy who doesn't care what I say Boy I'm hating all your lines
I bet you heard it more than twice
You know I wanna be
Left alone by you, goodbye
I don't care what you taste like
I won't bite
Already got a watch, don't waste my time
Boy I won't change my mind on this, listen Baby, I don't like
when you put your hands on me
I love the way you try
but see that won't work for me
I'm not playing hard to get
why won't you just let me be
I don't like, don't like
Boy why you act like this, this, this, this, this?
Why you act like this, this, this, this, this?
Why you act like this? Clowning around with your friends and
thinking that the world belongs to you
Boy can't you read the signs
there ain't a thing that you can do
Just go back, get away from me
Don't try to make things harder
Every girl, would agree
That you and I will never be Boy I'm hating all your lines
I bet you heard it more than twice
You know I wanna be
Left alone by you, goodbye
I don't care what you taste like
I won't bite
Already got a watch, don't waste my time
Boy I won't change my mind on this, listen Baby, I don't like
when you put your hands on me

I love the way you try
but see that won't work for me
I'm not playing hard to get
why won't you just let me be
I don't like, don't like
Boy why you act like this, this, this, this, this?
Why you act like this, this, this, this, this?
Why you act like this?(One of a kind
It's Jemere)Tell me girl why you act like this
Always liking my Instagram pics
Unfollow me now
Cause you looking kinda stalkerish
Move girl, move girl, stop acting like this
Tell me why I'm always on your mind
And why you calling me at night
You're too comfortable, you're too comfortable
That's why I don't likeBaby, I don't like
when you put your hands on me
I love the way you try
but see that won't work for me
I'm not playing hard to get
why won't you just let me be
I don't like, don't like
Boy why you act like this, this, this, this, this?
Why you act like this, this, this, this, this?
Why you act like this?
