In Our Nature

JosÃ‰ GonzÃ•lez

It's in our nature
It's in our nature
It's in our nature
It's in our nature

Put down your sword
Send home your dogs
Open up your doors
Let down your guard

It's in our nature
It's in our nature
It's in our nature
It's in our nature

Put down your gun
Ignore the alarm
Open up your heart
Let down your guard

It's in our nature
It's in our nature
It's in our nature
It's in our nature
It's in our nature
