

# In Our Nature

José González

It's in our nature  
It's in our nature  
It's in our nature  
It's in our nature

Put down your sword  
Send home your dogs  
Open up your doors  
Let down your guard

It's in our nature  
It's in our nature  
It's in our nature  
It's in our nature

Put down your gun  
Ignore the alarm  
Open up your heart  
Let down your guard

It's in our nature  
It's in our nature  
It's in our nature  
It's in our nature  
It's in our nature
