

Waste of Time

Snow Tha Product

I don't know when you thought that this shit wasn't worth prioritizing or at least
Given my ass a heads up so I could continue with the way I used to be
I don't know when you changed it up on me, but I could've swore I never got the text
I could've planned this shit accordingly, I hate to nag and I hate to stress
'Cause I haven't been up on my regular shit, man I was slowing down a little to pursue this
I ain't a regular bitch, and if I wanted to unblock a couple numbers we could do this
But I heard that ain't how you get your man back, bring back my wild and ratchet ass back
Back to the nights I'd open my tab like Henny's on tap
You know you hate that, so hey
Anything you gotta say now, probably gonna be the time to say it
Hmm
I would like a fucking breakdown, when were you planning on fucking telling me
That ever since we started talking you been on your jealousy
But in the meanwhile you been talking to Penelope and Heather and Alicia and Stephanie And Melanie
And phone looking like a Petey Pablo song, offending me
And now I'm like
Getting attached
I'm gonna go
I'll be alright
I'm better alone
Getting attached
I'm gonna go
I'll be alright
I'm better alone 'Cause you're a fucking waste of time
'Cause you're a fucking waste of time
A fucking waste of time, time, time
A fucking waste of time
A fucking waste of time
I don't know when you thought that it would be appropriate to give my ass a little warning
That's annoying, right
Asking for the fucking food I ordered
I mean yes I'm too much 'cause I know that I'm tough and I'm not the submissive type
And I know that it's rough 'cause I made a few bucks and I stress 'cause the business tight
But that don't mean you get a pass to be hitting up Jasmine 'cause she got fired and she need a friend
She was in your class in math like way the fuck back like, what am I an idiot?
'Cause I been known the code to your phone, but I don't wanna go in it because I already know what I'ma find
I been seeing too much and I throw it to the side
Turned a blind eye at some point you're just blind uh huh
Oh you think I ain't seen that? Uh huh
Oh I shouldn't have to keep tabs? Uh huh

Maybe you shouldn't have led me on, I was thinking this whole time that we had something going strong uh huh

Oh I guess it's all in my head uh huh

Switch up to get in my bed uh huh

Funny only you have friends, but you check my DMs checking hearts that get sent like Getting attached

I'm gonna go

I'll be alright

I'm better alone Getting attached

I'm gonna go

I'll be alright

I'm better alone 'Cause you're a fucking waste of time

'Cause you're a fucking waste of time

A fucking waste of time, time, time

A fucking waste of time

A fucking waste of time I've been

Waiting

For you I've been

Waiting

For you

To stop fucking bullshitting, what the fuck Getting attached

I'm gonna go

I'll be alright

I'm better alone Getting attached

I'm gonna go

I'll be alright

I'm better alone 'Cause you're a fucking waste of time

'Cause you're a fucking waste of time

A fucking waste of time, time, time

A fucking waste of time

A fucking waste of time
