Losing My Mind

Chimaira

It's so hard to find you
I'm standing right behind you
Streets are much colder
Must mean I'm getting older
Why would you? How could I?
These questions lead to goodbye
Now I got my freedom, don't I?
I parked my car outside your house
Hoping someday you'll come home
It seems the woman that I love
Is someone that I hardly know
And after all this time
I finally found the way to be alone
I'm terrified, I think that I
May be losing my mind
The shy girl's so humble
With thighs that make me stumble
Somehow not speaking
Lets me know everything
I go out, you eat in
Hide from the situation
You're naked in daylight
Wrap yourself up in goodnight
I'm burning, I'm hungry
Angry 'cause she don't love me
You've got me completely
In my own game you beat me
I parked my car outside your house
Hoping someday you'll come home
It seems the woman that I love
Is someone that I hardly know
And after all this time
I finally found the way to be alone
I'm terrified, I think that I
May be losing my mind
I will be back again
No, this is not the end
I've fallen hard this time
But I'm not giving in

I want the world to know
That I won't let you forget
The tears that you shed
I'll make it impossible to let go
I parked my car outside your house
Hoping someday you'll come home
It seems the woman that I love
Is someone that I hardly know
And after all this time
I finally found the way to be alone
I'm terrified, I think that I
May be losing my mind
I parked my car outside your house
I hope that someday you'll come home
It seems the woman that I love
Is someone that I hardly know
And after all this time
I finally found the place to be alone
I'm terrified, I think that I
May be losing my mind
