

If You Leave

Nada Surf

If you leave, don't leave now
Please don't take my heart away
Promise me just one more night
Then we'll go our separate ways We always had time on our sides
Now it's fading fast
Every second, every moment
We've got to make it last I touch once, I touch you twice
I won't let go at any price
I need you now like I needed you then
You always said we'd still be friends someday If you leave, I won't cry
I won't waste a single day
But if you leave, don't look back
I'll be running the other way Seven years went under the bridge
Like time was standing still
Heaven know what happens now
You've got to say you will I touch once, I touch you twice
I won't let go at any price
I need you now like I needed you then
You always said we'd meet again someday
