

feelin good

Mooncakes Project

I want the view from the top of the hill
Give me the view from the top of the hillWhen I think of you
 And your good life
 And your sorrow too
 How much im missing you
 No matter where i go
 Or where I come to stay
 This is waking up
 I want this feeling
 Doors wide openAnd now i leave it all
 Bags of trouble
 And a messy mind
 Oh I hope I find
 Where your load is light
 Where your hearts at ease
 This is waking up
And feeling good feeling goodHey im making my mistakes
 Cause Im no great shakes at being perfect
 I just take my breaks and work it
 Bring it to the surface
 Like a scuba diver
 Never nervous
 Cause now im older and wiser
 An Ive a bold feelin
 This old skin is peeln
 Revealing a new layer
 Im no soothsayer
 But I feel its time to leave
To polish my heart with the other sleeveI want the view from the top of the hill
 Give me the view from the top of the hill
 I want the view from the top of the hill
Give me the view from the top of the hillAnd feeling good feeling good
