Raped and Freezin' (Live Version)

Alice Cooper

Finally got a ride from some broad down from Santa Fe
She was a real go-getter
She drawled so sweetly
"I think, child, that things'll get better"And we pulled off the highway
Night black as a widow
"Yeah, I read the Bible", she is saying
"I wanna know of you"Hey, I think I've got a live one
Hey, I think I found a live one
Hey, I think I've got a live one
Yeah, yeah, think I've got a live oneUh
Okay boysFelt like I was hit by a diesel or a greyhound bus
She was no baby-sitter
"Get up now sugar
Never thought you'd be a quitter"I opened the back door, she was greedy
I ran through the desert, she was chasin'
No time to get dressed, so I was naked
Stranded in ChihuahuaHey, I think I've got a live one
Hey, yeah, I got a live one
Hey, hey, I think I've got a live one
Hey, oh, I've got a live oneHey, I think I've got a live one
Hey, yeah, I got a live one
Hey, hey, I think I've got a live one
Hey, oh, I've got a live oneAlone, raped and freezin'
Alone, cold and sneezin'
Alone down in Mexico
Alone
