

A La Discotheque

Ke\$ha

Ke\$ha:
disco disco discotheque
whatever v.i.p
sneekin in the back
corrupt the whole scene
sure come scan my fake id
sure buy me a ten dollar drink
i'll take you for a ride kid
if you got the ballz
if you can take the discotheque uh
i know the joint
i got the spot
i got my ride tricked
i got the right fix boy can you hang with this
where you wanna go is not the case we're about to go outerspace
so come with me to my special place
oh oh oh
and then we'll fall in love
oh oh oh
under the neon sign
oh oh oh
watchin the mirror ceilings
and dance all night
a la discotheque
a la discotheque
di di di di discotheque
thin your so fresh so fresh so
im sayin i'm not impressed
lets roll to the east side
hollywood's freeze dried boring
then lets work it out
for you an exception
come play in my direction
there's spray paint
there's whiskey

there's beats that make you rock til you drop
i know the joint
i got the spot

i got my ride tricked
i got the right fix boy can toy hang with this
where you wanna go is not the case
we're about to go to outerspace
so come with me to my special place
oh oh oh
and then we'll fall in love
oh oh oh
under the neon sign
oh oh oh
watchin the mirror ceilings
and dance all night a la discotheque
a la discotheque
