

Watertown, Tennessee

Tom T. Hall

I got a little farm and it's mostly rock
It ain't too much but it's all I got
Bluebirds singing in the evergreen trees
In Watertown TennesseeHey, Watertown Tennessee
People in Watertown will never do die
When they reach a hundred they can truly fly
Sail into heaven on a southerly breeze
In Watertown TennesseeHey, Watertown Tennessee
I had me an outhouse down by the creek
Prettiest outhouse you ever did see
Flood came along now I'm up the creek
In Watertown TennesseeHey, Watertown Tennessee
Well, a big old redhawk circling around
Looking for a chicken down here on the ground
Sometimes he gets as high as me
In Watertown TennesseeHey, Watertown Tennessee
When I get to heaven if I ever do die
I'm a gonna cut me a hole in the sky
Sittin' in a mansion and all I'll see
Is Watertown TennesseeHey, Watertown Tennessee
Now if you want to be famous and you want to be rich
People in Watertown taught me a trick I'm gonna tell it
If I stay around long, whoops, that's the end of this song
Called Watertown Tennessee
