

Bedtime

Babyface

Written by babyface (1997)

Performed by usherCraving your body all through the night

Feels like I'm going through withdrawals

I wanna hold you

I want you inside of these of these arms

I'm dying to taste you, I can't deny

Can't get out of my mind

Please let me hold you

'cause I need your lovin' tonightWhenever I'm near you

My love just comes down

Whenever I see you

I just want you around

'cause I wanna feel you

All through the day and the night

Whenever I'm near you

It feels like bedtimeConstantly thinking of things to do

Places where we can make love

I wanna freak you

I'll freak you wherever you want

Placing my kisses all over you

Caressing you so nice and slow

Oh how, I want you

Girl there's something I want you to knowHookDo you get lonely (ooh I get lonely)

Thinking about you me (thinking about you)

Am I the only (girl I dream of or think of at all)

Are you into me

Outta your mind for me

Say you can't go a day without meGirl I love you

And I want you

And I need you, I need you, I need youHook 2 times
