

Night Nurse (DJs from Mars Radio Edit)

Cascada

Night Nurse-urse x2It's critical,
'Cause your body's gonna rock
Just like a chemical.
Makes you bouncing around the block
Just like an outlaw.
We're gonna take it to the top.
12 O'clock (that's it!)Guess who's on night shift.'Cause tonight I'm working over time,
Oh, are you ready to cross the line?
I'll treat you until the break of dawn.
You're not alone.Night Nurse-urse x3
Who you gonna call?
Don't wanna be your lover -- oh no
But I could be your remedy -- oh oh
I don't wanna be your lover -- oh no
But I could be your remedy -- your cure.Night Nurse.It's physical
'Cause tonight were gonna party on the top floor.
Elevate you there,
And I don't care
If it all comes natural.
Your medical prescription.
Baby get ready now.This is my religion.'Cause tonight I'm working over time,
Oh, are you ready to cross the line?
I'll treat you until the break of dawn.
You're not alone.
