She's Gonna Run

Randy Rogers Band

well shut up buddy what do you know about love
i don't take advice from some old drunk
at a bar middle the middle of the day
what the hell does it matter anywaythe minute that i stumble back to her place
with a cigarrette kiss
she's gonna taste the wihiskey on my breath
and i'll tell you what happens nextshe's gonna run
out of it's oks
we'll be fines
and you can stays
i forgive you don't let it happen agains
i know you ares
and come back to beds
i'll always be yours
what's done is done
she's gonna runhey there mister if you're so smart
tell me how to fix a broken heart
sounds like you've been in my shoes
down this road a time or two
he lit one up and took he a drag
he cracked a smile when he threw one back
he said look at me if you don't leave let me tell you something sonshe's gonna run
out of it's oks
we'll be fines
and you can stays
i forgive you don't let it happen agains
i know you ares
and come back to beds
i'll always be yours
what's done is done
she's gonna run(bridge)
she's gonna run
out of it's oks
we'll be fines
and you can stays
i forgive you don't let it happen agains
i know you aresshe's gonna run
out of it's oks
we'll be fines

and you can stays
i forgive you don't let it happen agains
i know you ares
and come back to beds
i'll always be yours
what's done is done
tell me how many times
have you hurt someone
she's gonna run
yeah she's gonna run
