

Lullaby Baby Blues

Keb' Mo'

Lullaby baby blues
Time to kick off your walkin' shoes
And hug the pillow on your bed
And lay down your sleepy headHush now no need to talk
Hear the ticking of the clock
Stars that twinkle, stars that shine
Dream and you'll have wings to flyGoodnight, baby blues
Close your eyes, baby blues
The moonlit sky watches over you
So close your eyes, baby bluesLullaby baby blues
Time to kick off your walkin' shoes
And hug the pillow on your bed
And lay down your sleepy head
