# Awkward Girl

## Buck-O-Nine

Met a girl with awkward moments of beauty
And all she showed me in between was too
Well, she's got a tattoo on her low endWell, sou should see this girl
(You should see this girl)
Oh, she's my sunny eyed girl
(You should see this girl)You've gotta see her
(You should see this girl)
C-C-Cinnamon girl
(You should see this girl)
You've gotta see herMet a girl with awkward kinds of moods
And all her moods in between were cool
Well, she says she likes to keep me on my toesWell, you should see this girl
(You should see this girl)
Oh, she's my sunny eyed girl
(You should see this girl)You've gotta see her
(You should see this girl)
C-C-Cinnamon girl
(You should see this girl)
You've gotta see herYou've gotta see her
You've gotta see her
You've gotta see this girlMet a girl with awkward moments of beauty
And all she showed me in between was too
She says she likes to keep me on my toesWell, you should see this girl
(You should see this girl)
Oh, she's my sunny eyed girl
(You should see this girl)You've gotta see her
(You should see this girl)
C-C-Cinnamon girl
(You should see this girl)
You've gotta see herYou've gotta see her
You've gotta see her
You've gotta see this girl
(You should see this girl)
