

# My Life Is Right (Alternate Mix)

## Big Star

Once I walked a lonely road  
I had no one to share my love  
But then you came and showed the way  
And now I hope you're here to stay You give me light  
You are my day  
You give me life  
And that's right  
You give me light  
You are my day  
You give me life  
And that's right  
So right  
So right, so right Lonely days of uncertainty  
They disappear when you're near me  
When you're around my life's worthwhile  
And now I long to see you smile You give me light  
You are my day  
You give me life  
And that's right  
You give me light  
You are my day  
You give me life  
And that's right  
So right  
So right, so right  
My life is right  
My life is right  
My life is right Once I walked a lonely road  
I had no one to share my love  
But then you came and showed the way  
And now I hope you're here to stay You give me light  
You are my day  
You give me life  
And that's right  
You give me light  
You are my day  
You give me life  
And that's right  
So right

So right, so right  
My life is right
