Demonic Warlust

Centinex

[Lyrics: T. Berggren / M. Schulman]They are kneeling around him, the emperor of deadly fate
They have come to join him, the master of brutal hateTheir eyes are filled with revenge, looking at the moon
Can you see their force, it's like the fire of doomBlack candles, the world is doomed
Gathered for war
The army of terror will bring forth the darkest death
Gathered for warThe darkness rises higher when they enter the unholy Grail
Further spread the message from the deepest pits of hell
The flames are burning red like the blood in their veins
Hatred and pure power when the demons enter the mazeBlack candles, the world is doomed
Gathered for war
The army of terror will bring forth the darkest death
Gathered for warThe master chants;
"Gather all my souls, all souls of black,
You know what you came for""From far away we came - The demons harshly say
Here to spread the plague, to destroy the glory way"Look at the demonic eyes and join the horde[Lead: Kjellgren]A mayhem - A torch of hate and grief
The master of chaos is here to bring reliefThe darkness rises higher when they enter the unholy Grail
Further spread the message from the deepest pits of hell
The flames are burning red like the blood in their veins
Hatred and pure power when the demons enter the mazeBlack candles, the world is doomed
Gathered for war
The army of terror will bring forth the darkest death
Gathered for warDemonic warlust so deep - Spawned is the sacrilegious sleep
