World War

Autre Ne Veut

(Verse)
Wanna be the one that you be
Take a timeout and listen to everything right
Dont wanna make a mistake
Oh, you know that youre in it
And this is goodbye
Dont wanna think darling, dont disobey
And you promised you wanted to be(Chorus)
Oh world war
Shes a fire side
Sometime I see your face
Im under right now
Rather just stand here
Fighting you
World war
World war
World war
World war(Verse)
Wanna be the one that you be
Take a timeout and listen to everything right
Dont wanna be there yesterday
And you know that youre listening
Girl, this is not right
Go on and do what you can darling
Dont deserve baby
And you follow you wanted to me(Chorus)
Oh world war
Shes a fire side
Sometime I see your face
Im under right now
Rather just stand here
Fighting you
World war
World war
World war
World war
World war
World war
World war

World war
World war
World war(x18)
Not gonna be no way no way now way
Youre gonna be my babyNot gonna be no way
