

Real Men Love Jesus

Michael Ray

Real men love fishing
Fast cars and livin'
Out on the edge so far
They're gonna need forgivin'
Real men like football
Cowboys and outlaws
Can't help but fly so high
It's gonna hurt to fall You're like Saturday nights out on the town
Sunday morning coming down
A pretty girl out on the dance floor spinnin'
Round and round and round they go
A cold beer and a dirty hand
Calling home every chance they can
To say I love you
They don't need a reason Real men love Jesus
And they love mama
If they can get more than forty hours
You know they gonna
They give it hell till they get it right
The kind every country girl's tryin' to find
Every girl's daddy's kinda guy
Ain't scared to pray, ain't scared to fight They're like Saturday nights out on the town
Sunday morning coming down
A pretty girl out on the dance floor spinnin'
Round and round and round they go
A cold beer and a dirty hand
Calling home every chance they can
To say I love you
They don't need a reason
Real men love Jesus Real men love Jesus
They don't believe in leavin'
When the goin' gets tough
They just keep on keepin' They're like Saturday nights out on the town
Sunday morning coming down
A pretty girl out on the dance floor spinnin'
Round and round and round they go
A cold beer and a dirty hand
Calling home every chance they can
To say I love you

They don't need a reason
Real men love Jesus
Real men love Jesus
