

# Every Time You Go

## 3 Doors Down

I savor every minute that you're here  
That you're here with me  
Close my eyes and remember  
Every bit, every memory Through all these sleepless nights alone  
I still feel you  
Across these miles away from home  
That I never get used to Every time you go, you take a part of me  
A part of me with you  
Every time you go, I feel it in my soul  
Every, every Every time you go  
I'm half what I used to be when you were in my arms  
Every time you go you take a part of me  
A part of me with you, every time you go I count the days until you're back again  
Back here by my side  
When we're apart it feels like something in me  
Something in me dies I hear your voice over the phone  
And god, I miss you  
Still all these miles away from home  
That I never get used to Every time you go, you take a part of me  
A part of me with you  
Every time you go, I feel it in my soul  
Every, every Every time you go  
I'm half what I used to be when you were in my arms  
Every time you go you take a part of me  
A part of me with you, every time you go I'm there with you in your heart  
No matter how far apart we are  
Go with me  
Everywhere you go Every time you go, you take a part of me  
A part of me with you  
Every time you go, I feel it in my soul Every time you go, you take a part of me  
A part of me with you  
Every time you go, I feel it in my soul  
Every, every Every time you go  
I'm half what I used to be when you were in my arms  
Every time you go you take a part of me  
A part of me with you, every time you go
