

Part of Your Body Is Made Out of Rock

Piebald

It's a sunny day
But you still have made mistakes
The sunlight may not save you
Lay down pitch less hiss
Under green, green trees
Why would you want to make anybody's life harder
I wouldn't have guessed you had a heart of stone
I wouldn't have guessed you had a heart of stone
The clothing store around the corner
May not carry your size
Looks like you may not make it till the end of the week
Remember high school
You and Jackie went swimming in the pond
Now all you do is eat and shave and sleep
Yah Yah Yah ahhhh Yah
I wouldn't have guessed you had a heart of stone
I wouldn't have guessed you had a heart of stone
Oh
Some fond quotations
In a book you may have read
Filter into your situation
I wouldn't have guessed you had a heart of stone
I wouldn't have guessed you had a heart of stone
