

People in Love

Kenny Rogers

People in love
They've got it all
They've got the world in their hands
It shows in their eyes
There's no way to hide all the love that they have...People in love
Live every day
Knowing each other by heart
The power of two
Leading them through like a torch in the dark...
Yesterday
Love seemed so far away
I never dreamed I would be
One of those people in love
But I found you
To give all my loving to (Only you)
I never dreamed we could be
Two of those people in love...People in love
Think of forever
Knowing someone truly cares
Love is the key
And those who believe have a lifetime to share...
Yesterday
Love seemed so far away
I never dreamed I would be
One of those people in love
But I found you
To give all my loving to (Only you)
I never dreamed we could be
Two of those people in love
I never dreamed we could be
Two of those people in love...
