

# All The Way Down; Prologue, Chapter 1

## Biffy Clyro

(Prologue) Taking part's what counts, but you are not around  
Never understand my goals for you Looking back, seems that everyone in my life  
I will be waiting for you  
I will be waiting for you  
Until the evidence conveys another side Never understand my hopes for you Sleeveless and miniature  
Monster overture  
Never be complete unless you know Looking back, seems that everyone in my life  
Will be waiting for me  
I will be waiting for you  
Until the evidence conveys another side Have you found your way home?  
Have you found your way?  
Have you found your way home?  
Have you found your way? (Chapter 1) I feel wonderous, controlling me seems like a good idea  
I'll do my best to uphold you, but I know that in the night Ever wondered if it's forever  
The moment passes, but I feel you now I feel wonderous and holy and I know it's all right  
I'll do my best to uphold you, but I know that in the night Ever wondered if it's forever  
The moment passes, but I feel you now All the way down  
All the way down All the way down (repeat through) So I'll try not to breathe as I hold my head still  
The light bends on my face, there'd be tears if i cried  
And I'll try not to think what the happy things were  
I'll just think of the stuff that just made me shit scared  
And I'll just close my eyes and I'll see everyone  
That I'm leaving behind for the dawn of the sun  
And I'll try not to feel, yes I'll try not to feel  
I'll try not to feel on the way down
