Red Hot Indians (Landed (75))

Can

It's the DNA song, DNA song, it's the DNA song
Strike mess, whole mess, shadow messI think I know what you think
You think you know what I think
I think I know what I think
You think you know what I think
I think, I do think that you know what I know but you think
But I think that I know what I meantSomething happened like it happens everyday
There's something happening like it happens everyday
Woke up freezing
Ceiling bending
Got up shaking
Needed mending
Then you took me back, steam machine
Dreamt my day into a daydream
Let me vanish into yesterday
And all my troubles fade awayShaking, shake twice, breaking skin
Bomb beauty, steaming scene
Roaming, phasing, but I'm smiling
Krishna dancingA piece of the action, a cut off the take
A part of the profit
Just a piece of the action, a cut off the take
A part of the profit
Just a piece of the action, a cut off the take
A part of the profit
Strike mess, whole mess, shadow mess
It is no shock to me
Liquid centre, liquid centre
Shadow mess
Strike mess, whole mess, shadow mess
Liquid centre, liquid centre
Strike mess, whole mess, shadow mess
Strike mess, whole mess, shadow mess
Strike mess, whole mess, shadow mess
Strike mess, whole mess, shadow mess
