Baby You Should Know

MaryLeigh Roohan

Letâ€™s move to the ocean
Find us a nice boat and
Weâ€™ll redefine home and
Make the sea our own

Cuz I find I donâ€™t need much
Your kisses and your touch
Sometimes to be curled up
Tucked in your chest

But baby you should know why Iâ€™d give you the world if I could
Iâ€™d trade all my earthly possessions for that smile of yours
Oh, how lucky I am for you to be my man

Letâ€™s move to the mountains
Build us a nice cabin
Bonfires and dancinâ€™
Make the forest our home

Cuz darling if youâ€™re there
I know Iâ€™m in good care
The only thing that makes me scared
Is a life without you

But baby you should know why Iâ€™d give you the world if I could
Iâ€™d trade all my earthly possessions for that smile of yours
Oh, how lucky I am for you to be my man

When weâ€™re on our dreamboat
Frolickinâ€™ with mountain goats
Weâ€™ll spread all the lovin hope
From the two of us together

But baby you should know why Iâ€™d give you the world if I could
Iâ€™d trade all my earthly possessions for that smile of yours
Oh, how lucky I am
Oh, how lucky I am
Oh, how lucky I am for you to be my man
