# Chase Me

## Ultraform

Come to think of it,
There's not much to say when it don't end the way that you thought it would.
'Cause I can sit,
Here counting the days when I thought you should call me.
Can you live with it?
The memory of nothing to lose.Oh by the way, I have so much confidence in you.
Oh by the way, this just doesn't happen for you.You've got to chase me, fight to break me.
To make all your dreams come true.
Don't keep me waiting, while you're saving yourself for you.It's too soon to tell,
But they said that they loved you and I think that I could have too.
Said they'd never seen,
Me smiling my brains out, I'd smile all my brains out for you.But the day will come to an end.
Cause midnight came, the same old Cinderella tells her tale.
And now I sit here waiting for my shoe.You've got to chase me, fight to break me.
To make all your dreams come true.
Don't keep me waiting, while you're saving yourself for you.Who's counting anyway?
Another day is over.
Who wants to live that way?
Another heart is sober.
Unwrap history.
Pour out your heart and show her that she is everything you see.
Because she sees.You've got to chase her, fight to break her.
To make all your dreams come true.
Don't keep her waiting, while you're saving yourself for you.You've got to chase her, fight to break her.
To make all your dreams come true.
Don't keep her waiting, while you're saving yourself for you.
