

# Something New

## Tokio Hotel

Midnight in my city  
All these lights they call my name  
My world isn't pretty  
I've seen the best of it  
I got the best of you Pick me up, pick me up  
Pick me up, pick me up  
Help me back on my feet  
Pick me up, pick me up  
Pick me up, pick me up  
It feels like I can see Something new...  
Do you feel it too?  
I'm looking for something new  
I don't know what I'm looking for  
But I'm looking for something, for something  
For something I felt everything  
I'm ever gonna feel  
Don't know where I've been  
All these streets look wrong  
Don't know where I belong Pick me up, pick me up  
Pick me up, pick me up  
Help me back on my feet  
Pick me up, pick me up  
Pick me up, pick me up  
It feels like I can see Something new...  
Do you feel it too?  
I'm looking for something new  
I don't know what I'm looking for  
But I'm looking for something  
For something  
For something Do you feel it too?  
I'm looking for something... But I'm looking for something  
Something new...  
Do you feel it too?  
But I'm looking for something  
For something  
For something  
I never knew
