

# Collide (Traptain Morgan Remix)

**Jake Miller**

I'm falling out of the sky  
I feel so alive  
My heart ignites  
When our eyes Collide Oh ooh-oh yeah  
Collide  
Oh ooh-oh yeah  
Collide Yeah  
Don't hold back, crash into me  
We catching fire like a third degree  
Need someone to hold, sick of being alone  
So I'm round at third and I'm coming home,  
'Cause I need your touch and I need it now,  
We can go to lunch and then mess around,  
So baby you can win it, you can come and get it  
We can build an empire in a New York minute, Me and you stopping time  
All of the stars align  
This is what it feels like (like like)  
When we Collide  
When we Collide  
When we Collide I'm falling out of the sky  
I feel so alive  
My heart ignites  
When our eyes Collide Oh ooh-oh yeah  
Collide  
Oh ooh-oh yeah  
Collide I'm gone, hungover  
I'm love drunk and not sober  
Yeah it's do or die, baby you and I  
We should get just a little bit closer  
So baby come and hop up on my range, swerve  
Is that because I kick em in the side, curb  
Your love ran down like a meteor shower  
That's crashing down our earth, wow Me and you stopping time  
All of the stars align  
This is what it feels like (like, like)  
When we Collide  
When we Collide  
When we Collide Me and you stopping time  
All of the stars align

This is what it feels like Me and you stopping time  
All of the stars align  
This is what it feels like (like, like) When we Collide  
When we Collide  
When we Collide  
When we Collide  
When we Collide
