

No Hero

Benton Falls

Once you said you'd stick to it until the end

I guess you lied, they call it suicide

Now you're gone

What was so wrong that you couldn't find a way to carry on?

Second guess

Did I do my best

There was a friend I had

[Chorus]

Johnny was a weirdo

So what did you expect?

I ain't no fucking hero

I'm just trying to survive myself

I should have known you went through it alone

I wonder why did you even try?

You could have come to me

I would have helped you see

You could have found a way to carry on

Second guess

Did I do my best

There was a friend I had...

[Chorus]

'Johnny's strange behavior was a tip-off,' they say

But I ain't no fucking savior

I'm just living day by day

Little things, little lives hanging 'til the end

I say it doesn't really mean nothing

Telling truth, telling lies

I used to have a friend

I say it don't really mean nothing

And I can't let this feeling go

Let this feeling go

Let this feeling go
