Technical Itch

I don't know when it all began to simmer down
Suddenly I don't want you around and I'm siting here
I'm drowning in the worries and the fear
And now I wish it wasn't quite as clear'Cause I am starting to forget now it disappears so fast
I'm waiting for the question to be asked
And if you saw me now you'd not be disappointed
Somehow I've gotten to a point and I'm not ever coming back
My minds made up I'm staying for as long as it has takenTo get close to you, I wanna get, close to you
And I need more time
I wanna get close to you, I just want, close to you
And I'm not sure whySometimes I, I get up in the morning so surprised
It takes me some time to realize
Lately I, lately I have really wished that you were still around
Here to pick me up off of the ground'Cause I am starting to forget now it disappears so fast
I'm waiting for the question to be asked, yeah
And if you saw me now you'd not be disappointed
Somehow I've gotten to a point and I'm not ever coming back
My minds made up I'm staying for as long as it has takenTo get close to you, I wanna get, close to you
And I need more time
I wanna get close to you, I just want, close to you
And I'm not sure whyI'm losing it
Whoa whoa whoa
It makes me sick
Whoa whoa whoa
My mind's made up I'm staying for as long as it has takenTo get close to you, I wanna get, close to you
And I need more time
I wanna get close to you, I just want, close to you
And I'm not sure whyI wanna get close to you, I wanna get, close to you
And I need more time
I wanna get close to you, I just want, close to you
And I'm not sure why
