

# Make Me (Dave Aude Club Mix)

## Janet Jackson

I see what you're doing  
Come here  
So you think you're ready?  
I just need you to Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me You came here to save the party  
Tell me what's the deal  
Gon' get up and shake your body  
C'mon and take me there Ain't nobody else like you  
Only you got the moves you do  
Ain't nobody else move like you  
Only you got the grooves to prove it baby  
We're gonna have a good time  
Me and you gon' get it tonight Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me Don't stop it baby  
Don't stop till you get it up  
Don't stop till you get it up  
Don't stop till you get it up  
Don't stop till you get it up I see you against the wall boy  
What you waiting for  
I want you to take control now  
Get up on the floor Ain't nobody else like you  
Only you got the moves you do  
Ain't nobody else move like you  
Only you got the grooves to prove it baby  
We're gonna have a good time  
Me and you goin' get it tonight Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make me It's getting hot in here  
Just how I like  
We goin' dance it up  
Until we see the light

If you feel like I feel you can get it tonight  
But first you gotta make me say  
Ooh, make me (make me), baby, make me say  
Ooh, make me (make me), babyBaby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make meBaby can you move, make me groove,  
Show me what you do, make me move,  
Baby can you move, make me groove,  
Show me what you do, make me move,  
Baby make meDon't stop it baby  
Don't stop till you get it up  
Don't stop till you get it up  
Don't stop till you get it up  
Don't stop till you get it up
