

# One Against The Other

## Head East

People, stop your pushin' and try to learn  
That nothin' can be gained by tryin' to hurt  
We never seem to think about brothers workin' together  
We always find ourselves at odds, one against the other  
We got to lend a helping hand  
And learn to lead with the other  
We got to change this to a better world  
And live in peace with one another  
Worry's a state that's so unkind  
People, try to find some peace of mind  
I wish we'd find a way to get everyone together  
It doesn't seem to help, we can't seem to help each other  
Yeah, yeah  
We got to work together, find a way  
To help our friends and neighbors everyday  
We never seem to think about brothers workin' together  
We always find ourselves at odds, one against the other
