Need Me In Your Life

Memphis Bleek

Yo, what's your problem Shorty
Actin' all stink
It's cool tho
One yourself ma
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Yo, ayo Bleek move through clubs twist up somethin', yeah
A lil' hay, Memph not frontin'
Then I sip a lil' armay where are my momays
Spread love that's how we do it in Marcy
One of 'em actin' a lil' different
What isn't she missin', what isn't she gettin', huh
She need a nigga that break it any position
If she take it like a pro ooh
Let her go no
You might be somethin' to work wit
Trust I'm not concerned wit him, I'm not your boyfriend
Shit I'm just that nigga you call
That'll dig up in the roots ma break you off
And, I can't lie I'm just a nigga from the syy
But I, been around a few whores before
Either me or my boys tore it up before
But I'm hopin' you not that type I'll put it in your life ma
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Some say off the liquor you could fuck all night
But I say that ain't true you just be drunk all night

It's me when I'm sober I can fuck all night
Baby girl, if we sippin' we just drunk all night
It's cool, first you gotta loose your attitude
Invite your girls over let 'em meet my man murder
We smoke, talk, get acquainted
It's get low so you know you gotta sing this
Whatever happened tonight
Trust it got to stay between us

It never happened tonight so when they ask you
Say you never seen us
Then me and murder get ghost in the convertable
We just came from fat burger we full
That's how we do it in la from Marcy to Crenshaw
The girls all balls, huh
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
When your additude is gone
You can hit me on my phone
And maybe I'll come get you
Get up and take you home
Girl don't take too long
Just like a dog I like to rome
So when you need some dick
Hit me on the hip and I'll do you that favor
Listen, anytime you need me just holla
I'll only hit it if it's tight and it's propa
The snatch ups no problem
Both of that head drop fitted caps, now a days they gotta
You get it snatched you neva get it back
Somethin' just ain't right you must ain't kill it right
But, go ahead love just enjoy your night
Get your man off your mind, you need me in your life that's right
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right

Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
Why you mad and actin' uptight
Girl, I know that somethin' ain't right
Ain't no need for me to lie
I think that you need dick in ya life
