

Puppy Love

Lana Del Rey

It's not puppy love,
Puppy, puppy, puppy love
It's not puppy love,
Puppy, puppy, puppy love
You make me wanna be
Like one of those girls
From the 1950s
Wearing those big pearls
I'll cook you breakfast
Coffee on your desk? Yes .
I'll bring you toast,
But baby I'm still the bestest
It's not puppy love,
Puppy, puppy, puppy love
It's not puppy love,
Puppy, puppy, puppy love
You make me wanna be
Like one of those girls on the colored TV
It was a new world
The Dick Van Dyke Show
We're sharing Bono
The way I seen I got you babe
Makes you say "Oh no?"
Cause you're the class president
Without Jackie O
And I'm singing happy birthday
Like Marilyn Monroe
(One)
This is not a school girl crush
(No, two)
This is not a puppy love,
(uh uh)
It's the real thing
When you told me you loved me
I promise I'll never see Arthur or Bobby baby
(One)
This is not a school girl thing
(No, two)
What about the diamond ring?

(Uh huh)
Everyone knows I'm like Jessica Rabbit
I'm your leading lady, I gotta have it baby
It's not puppy love,
Puppy, puppy, puppy love
It's not puppy love,
Puppy, puppy, puppy love You make me wanna be
Like one of those girls
Calender pin-up queen in platinum curls

I'll do my summer pose
Golden sand between my toes
You can pack my favorite snack
'Cause we've been going ho-ho's
Dear everybody's here oh and you're hitting it home
Oh I'm singing for the soldiers like Marilyn Monroe

(One)
This is not a school girl crush
(No, two)
This is not a puppy love,
(Uh uh)
It's the real thing
When you told me you loved me
I promise I'll never see Arthur or Bobby baby

(One)
This is not a school girl thing
(No, two)
What about the diamond ring?
(Uh huh)

Everyone knows I'm like Jessica Rabbit
I'm your leading lady, I gotta have it baby
Baby, baby, baby
And if I call you on the telephone
I might overdose
'Cause I'm strong, but I'm lonely like Marilyn Monroe
This is not a school girl crush
This is not a puppy love,
It's the real thing
And you told me you loved me
What ever happened to hold me, trust me baby

(One)
This is not a school girl crush
(No two)
This is not a puppy love,
(Uh uh)

It's the real thing
And you told me you loved me
I promise I'll never see Arthur or Bobby baby
(One)

This is not a school girl thing
(No, two)

What about the diamond ring?
(Uh huh)

Everyone knows I'm like Jessica Rabbit
I'm your leading lady, I gotta have it baby

It's not puppy love,
Puppy, puppy, puppy love
It's not puppy love,
Puppy, puppy, puppy love
