Ready For You

Michael Bolton

Yeah, yeah
Maybe I'm a fool but being foolish gets me closer
Everything I do is doing anything to hold you
My heart is on the edge, it's true
But I'll walk out on the ledge for you
Love can be a maze but so amazing when you find it
Bound to make you crazy 'til you find yourself inside it
It's too late now, I'm in too deep, yeah
Exactly where I want to be
'Cause I'm ready for you, I'm ready for love
Willing to take the chance
And I'm breaking my rules, so open your heart
And tell me you'll take my hand
I'm ready for ya, ready for you
I'm ready for ya, ready for you
Any kind of fool could see the stars are all aligning
Baby, in your eyes is where I see my future shining
It's you that I've been waiting for, yeah
Forever I'll be at your door
'Cause I'm ready for you, ready for love
Willing to take the chance
And I'm breaking my rules to open your heart
To tell me you'll take my hand
I'm ready for ya, ready for you
I'm ready for ya, ready for you
I'm ready to be part of something stronger than I am
Gonna give it all, gonna risk it all, gonna lay it on the line
It's time to bet my heart on something I'll never understand
Gonna give it all, gonna risk it all, I surrender to you
'Cause I'm ready for you, ready for you
Ready for love
Oh, come on baby, take my hand
I'm ready for you, I'm ready for you
Ready for love, oh, I'm willing to take the chance
I'm breaking my rules, open your heart
Take my hand, take my hand, baby
I'm ready for ya, ready for you
I'm ready for ya, so, oh, oh, oh
I'm ready for ya, ready for you babe

I'm ready for you, ready for you
Ready for you, ooh
