

# DUI

Ciara

In the middle of the highway  
Me and my babe  
R.Kelly on the radio  
Let it play  
It's funny I ain't even drink shit  
And I'm so intoxicated  
I think I'm over my limit  
When you're near me You've got your hands on my thigh  
I've got my hands on the wheel and the other  
I'm driving my pleasure  
I'm running every light  
I can't concentrate on the road  
Losing all control All because I'm driving under  
The influence of your love  
DUI, DUI, DUI, DUI I'm driving under  
The influence of your love  
DUI, DUI, DUI, DUI I might have to pull over, oh  
I might have to pull over, oh I bet the law would arrest me  
If they knew what I was thinkin'  
I'm sure it looks a little crazy, but I'm loving it  
So put them handcuffs on me  
Keep talking to me dirty  
I'ma put it on cruise control as I let go Your hands on my thigh  
My hands on the wheel and the other  
I'm driving my pleasure  
I'm running every light  
I can't concentrate on the road  
Losing all control All because I'm driving under  
The influence of your love  
DUI, DUI, DUI, DUI I'm driving under  
The influence of your love  
DUI, DUI, DUI, DUI I might have to pull over, oh  
I might have to pull over, oh  
I might have to pull over, oh  
I might have to pull over, oh And it's so hard to steer  
Put your lips to my ear  
But I'm giving you the right of way  
Do what you want to me baby  
Lipstick all over your neck

These seats are dripping with sweat  
Here's a night we won't forget  
Driving under  
The influence of your love  
DUI, DUI, DUI, DUI I'm driving under  
The influence of your love  
DUI, DUI, DUI, DUI I might have to pull over, oh  
I might have to pull over, oh  
I might have to pull over, oh  
I might have to pull over, oh
