

Let It Be Me

Indigo Girls

Sticks and stones
Battle zones
A single light bulb
On a single thread for the blackSirens wail
History fails
Rose colored glass
Begins to age and crackWhile the politicians shadowbox
The power ring
In an endless split decision
Never solve anything
From a neighbor's distant land
I heard the strain of the common manLet it be me
(This is not a fighting song)
Let it be me
(Not a wrong for a wrong)
Let it be me
If the world is night
Shine my life like a lightWell the world seems spent
And the president
Has no good idea
Of who the masses areWell I'm one of them
And I'm among friends
We're trying to see beyond
The fences in our own backyardsI've seen the kingdoms blow
Like ashes in the winds of change
Yeah but the power of truth
Is the fuel for the flame
So the darker the ages get
There's a stronger beacon yetLet it be me
(This is not a fighting song)
Let it be me
(Not a wrong for a wrong)
Let it be me
If the world is night
Shine my life like a lightIn the kind word you speak
In the turn of the cheek
(In the turn of the cheek)
When your vision stays clear
In the face of your fear

(In the face of your fear) Then you see turning out a light switch
Is their only power
When we stand like spotlights
In a mighty tower
All for one and one for all
Then we sing the common call Let it be me
(This is not a fighting song)
Let it be me
(Not a wrong for a wrong)
Let it be me
If the world is night
Shine my life like a light
