

# You Make It Seem So Easy

## The Kinleys

You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah  
And you make it seem so easy Sometimes life's overwhelming  
Don't see an end in sight  
You put things in perspective  
Into a brighter light, yeah You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah  
You make it seem so easy You keep a perfect balance between the highs and lows  
Your steps are sure and solid down any kind of road  
And when I'm feelin' broken I beat up and all done in  
You kiss me where it's hurtin' and I am whole again, yeah You make it seem so easy all the time  
You amaze me with the way you look at life You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah You make it seem so easy  
It's not so bad  
You make it seem so easy  
it all works out  
You make it seem so easy  
You make it easy
