

# Losing Sleep (Acoustic)

## Charlotte Sometimes

Be the winner you always were  
Don't you, don't you dare lose  
Be the humble girl you are  
Don't cry in stranger's cars  
La La goodnight I'm awake and I've been losing sleep  
I've been fighting all my demons  
I've been getting weak  
'Cause I've been trying, trying, trying  
To be anything other than me Be the star you know you are  
Don't you, Don't you dare fail  
You can own that balance beam  
Two steps forward towards make believe  
La La Goodnight I'm awake and I've been losing sleep  
I've been fighting all my demons  
I've been getting weak  
'Cause I've been trying, trying, trying  
To be anything other than me
