Into The Sunshine

Julia Nunes

Well the way you pull the fuzzys from my sweater
Doesn't make up for the times you let me sink into the floor
And the lies you told to make me feel all better
They didn't work so please don't tell me anymoreI'm waking up to see the sun
It's a light that lets me know a new days begun
And I can leave behind, the terrors of my unconscious mind, into the sunshineTell me this, why do you run away
Just when I decided to say something true for once
You should try it, just say what you mean
Cause I can't read the lines let alone in betweenWell the way you pull the fuzzys from my sweater
Doesn't make up for the times you let me sink into the floor
And the lies you told to make me feel all better
They didn't work so please don't tell me anymoreI'm waking up to see the sun
It's a light that lets me know a new days begun
And I can leave behind, the terrors of my unconscious mind, into the sunshineAnd I know my mellow tone can be misleading
But I've just put my anger to good use
You see I've given up on begging and pleading
Every scratch on this guitar is because of youThis video got featured!
