

# Runaway Train

## Big Head Todd And The Monsters

I keep wishing you'd fly away  
How can you hold yourself down?  
You carry on like this every other day  
You're turning into the sound You've got touchin' on the line  
But leaving is on your mind  
You tell me everything is fine, just fine  
On a runaway train tonight You say, "I love you another way"  
You say you're leaving this town  
You drive me up to your hideaway  
As you were burning it down You've got touchin' on the line  
But leaving is on your mind  
You tell me everything is fine, just fine  
On a runaway train tonight I need a reason to keep away  
Or get up off my back  
I can't stop it or turn away  
Until I run out of track I got touchin' on the line  
But leaving is on my mind  
I'll tell you everything is fine, just fine  
On a runaway train tonight On a runaway train tonight  
On a runaway train tonight  
On a runaway train tonight
