

# The System

Ian Thompson

The world is full of crazy people  
they send me out of my mind  
I feel like running away forever  
to a place they can't find A factory man with no ambitions  
never complained before  
tried to demand some better conditions  
and ended up out the door Yeau the system's driving me crazy  
I can't follow the rules  
You'd better watch your back baby  
Co's life can be so cruel I met a girl a pretty student  
she knocked me off of my feet  
She said she had to make a movement  
to make her journey complete Yeau the system's driving me crazy  
I can't follow the rules  
You'd better watch your back baby  
Co's life can be so cruel Rules and regulations  
who are they really for  
fools of temptations  
and a bent old bailey's law Yeau the system's driving me crazy  
I can't follow the rules  
You'd better watch your back baby  
Co's life can be so cruel  
yeau the system's driving me crazy  
I can't follow the rules  
You'd better watch your back baby  
Co's life can be so cruel
